Emmet
Thanks for contacting EA Customer Experience, my name is Emmet. How may I assist you today?

you
Hi there Emmet, how are you?

Emmet
I am well, How can I help you today?

you
So, I have another case open, I was told to not reopen it since I am supposed to receive an email from a senior advisor and reopening the case would make me move to the incorrect queue or something like that. This was 1 week ago, could you check on that case without messing with the queue?

Emmet
Yes I can see an escalated case there with the specialists, that's regarding missing red alert 2 from the C& C ultimate collection is that right?

you
that's right.

Emmet
there isn't an update on that yet sadly, that should be on there as far as I can see on the system here though, would you mind if I logged into your account here to take a look at it for you?

you
not at all

Emmet
great, I will just need to verify that you are the account holder, can you answer this security question for me " [REDACTED]

you
[REDACTED]

Emmet
that's great, thanks, please give me a few moments to take a look at this for you.

you
ok, thank you.

Emmet
if you get a code to your phone you can ignore that

you
ok

Emmet
Thanks for waiting, the game was hidden, if you login to origin now you should be able to see it

you
Well thank you but that is extremely weird since this is the first thing I checked

Emmet
it might have been some sort of issue with the origin cache on your system not displaying the hidden games correctly

you
Don't want to point fingers, but couldn't this be a bug? I just want to avoid having the same problem in the future.

you
This is unlikely since I had just installed Origin on a newly installed system. Furthermore I also had checked through a browser and the game was also missing there.

Emmet
yes it may be some kind of bug involved, I will make a note of that here for the studio

you
Well ok, thanks a lot!

you
Have a nice day!
